Dear Future employees,

I am writing to express my interest in the position at. With my academic background in Ag Science & Technology, leadership experience, and strong work ethic, I would be a valuable addition to your team.

Throughout high school, I was involved in various team-oriented groups such as football, student council, FFA, and band. I was also part of our school's Positive Behavior Interventions and Supports (PBIS) team, where I developed strong leadership and management skills. I volunteered in the Ag Department during high school, assisting with various jobs needed to support the department.

At Texas A&M University-Commerce, I excelled academically, majoring in Ag Science & Technology with a Minor in Agribusiness. I have been on the Dean's list for two of four years at Commerce, maintaining a GPA of 3.5. Additionally, I have gained experience in the workforce, starting from being a busser to a bartender at Darrell's of Jennings. I also worked as a winghop at Lake Air, prepping and fueling the crop dusters and loading the planes. Most recently, I worked as a cashier at Chick-fil-A on my college campus, where I gained experience in customer service and food preparation.

In summary, I am confident that my leadership, management, teamwork, and troubleshooting skills, combined with my academic background and work experience, make me a strong candidate. I am excited to bring my skills and expertise to and contribute to your team's success.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

Craig Broussard
